GEORGE NEWTON WILL NOT RUN

"Our Town"

by J. B. WHITE

A great advance for Cameron is visualized in the opportunity voters have on next Tuesday to pass the bond issue for $14,000 for the purpose of acquiring for the people the more than 100 acres of land, golf course and lakes known as the Cameron Country Club.

* * *

In every true sense opportunity is knocking. Cameron's progress is in the balance. Here is presented for the first time in the history of the city opportunity to get a swimming beach, something that has been a definite need for years.

* * *

Providing additional park space for the future is a desirable feature of the proposed plan to acquire this property.

* * *

In giving consideration to the bond issue voters should bear in mind that although the election call states a 5c tax levy is to be made, no additional taxes are to be levied.

* * *

Other facts are: No increase in taxable values will be made. The payment of the obligation will be effected from the general fund and no doubt transfer of money from the park tax. The people should vote for this issue because it makes possible one of the most desirable public benefits without any additional cost to the people.

* * *

Operated as it will be, the park with the golf course will be in a large measure self liquidating.

* * *

The purchase price is so low in comparison to the value of the property to be acquired, it would be a desirable buy for the city if increased taxes were necessary. Knowing that no additional burden will be necessary it becomes a first rate opportunity and progress for Cameron will be made on next Tuesday in proportion to the favorable vote given the bonds.

* * *

The property now owned by individuals will be lost to Cameron if the bond does not carry, because the burden of maintaining the course is falling upon too few and the public has no general access to the club grounds. The property cannot be maintained for the public if owned by individuals.

* * *

Owned by the City it will be the privilege of all to enjoy and plans now under way will provide many facilities for entertainment and for general use of the people.

* * *

Two lakes are supported by the springs. A swimming pool located convenient to the flow would give Cameron the one thing it needs to attract people, when taken into consideration with other advantages to be offered, one of which is a fair grounds set up.

* * *

The city has in hand an approved grant of $22,000 which can be used for the swimming beach and other improvements.

* * *

The advantages can easily be seen. A total of 36,000 the major portion of which is a gift. Go to the polls on next Tuesday and vote for the bonds and keep Cameron definitely in the lead.

They Are The Best

MISS IVA EARL HEATH

MISS BEATRICE WALSCHAK

Here are the leading students in the Graduatng Class of Yoe High School for 1938. Miss Ive Earl Heath led the class and won the Valedictory honors. Cotton Allotment System Is Outlined

By GEROGE BANZHAF
County Agent

It is apparent that many farmers do not understand just how their cotton allotments for 1938 were made. An effort will be made to explain the procedure.

The State Office determined the cultivated acreage in the county by adding the reported or measured crop land for individual farms, for the whole county. The total tilled acreage for the county was then divided into the 1938 cotton allotment for Milam county. The result was the cotton factor for the county, or .355970 (or 35.59 per cent.)

The county factor (35. 59 per cent) was then applied to the tilled or cultivated acreage for each individual farm to determine, under the law, just what the cotton allotment would be. For example, a farm having 100 acres in cultivation received 35 acres cotton allotment, with the following limintations.

1. It was necessary that the planted plus the rented acreage for one of the three years (1935, 1936, or 1937) equal 36; except in cases of allotments between 5 and 15 acres.

2. An Amendment passed by Congress said (in effect) that no allotment could be less than 50 per cent of the 1937 planted plus rented acres, nor more than 40 per cent of the tilled or cultivated acreage. This Amendment affected only the farms with high cotton bases and those farms that planted a high percentage

Rotarians Hear Government Engineer

Rotarians on Wednesday heard Preston R. Scott, government engineer now in Milam county testing building materials for use on government work.

Mr. Scott was introduced by John Copley as the guest speaker for the day. Chemical tests are being made on sand and gravel. It was an interesting and instructive talk, an outline of government plans for employing labor and demonstrating the extent to which thoroughness goes in spending public money.

Niley Smith was introduced as a new member. In all 18 were present for the luncheon.

Ed. McKivett of Dallas, with the John Deere Plow Company, was the guest of Secretary John C. Andres.

Cameron Gets New Tire Firm; Opens Here Friday

A new tire firm for Cameron will open Friday in the Waller building next to the B & B Studio.

The store is owned by W. F. Littleton of San Antonio and will be under the management of Ted Curry.

The store will feature Pennsylvania tires and Excel batteries. The store will specialize in exchange deals and has connection with one of the largest retreading plants in the state.

The new store is to be known as the Cameron Rubber Company selling Pennsylvania tries.

Miss Pearl Fulcrod, County Healtn Nurse, has returned from Dallas where she attended the State meeting for Crippled Children, held at the Shrine Hospital.

FATHER O'SULLIVAN IS SAN GABRIEL SPEAKER

Formal dedication of the new school at San Gabriel Wednesday and the speaking program that followed brought a number of interesting addresses.

Father T. F. O'Sullivan, pastor of St. Michael's church in Burlington was among the speakers. He also gave an address when the corner stone of the school was laid last year. The address he delivered on Wednesday is as follows:

"Since a nation's greatness depends on the education of its people and since the child of today is the citizen of tomorrow it ought to be a distinct joy to all true Americans to see an institution erected for the advancement of so great a cause —the enlightening of the minds of their children.

"As the dignity and the rights of man constitute a valuable and consistant contribution to our great democracy, we must do all in our power to preserve that democracy. And how can that democracy be upheld if our people, and particularly our young people, are not educated in its true principles, which are the

Brazos River Flood Control Committee To Meet Here On Friday Night

Chairman Roy Sanderford of the Brazos River Control Committee announced Wednesday that the first meeting of the 53 men named at the meeting in Belton on Friday night, will convene in Cameron on Friday night, June 3rd.

The meeting will be held in the Chamber of Commerce offices.

The committee's immediate concern is the construction of the dam across Leon river near Belton as a part of the flood control on Little River which is the largest tributary of the Brazos.

Big Bass Landed in Fishing Fete Here At Faulkners Lake

Tom Wardlow of the Central Freight Lines has stirred wide interest in late spring fishing. He topped the week of better takes last week when he landed a 6 pound and 10 ounce big mouth black bass in the Faulkner Lake north of Cameron.

The bass was caught with rod and reel tackle on Wednesday, May 18. Mr. Wardlow is having the head mounted by Reed Rogers at the Western Auto Associate store.

Mr. Wardlow said: "Bill Burns has been fishing too, but could make little showing. The fish he caught I used for bait."

Series of Poultry Meetings Will be Held in County

A series of poultry culling and disease control demonstrations are being planned by the agriculture committee of the Cameron Chamber of Commerce in co-operation with the Home Demonstration Agents and the Department of Vocational Agriculture of Yoe High School. E. D. Parnell, Vocational Agriculture teacher, will be in charge. Demonstrations will be as follows:

John Kennon, Belmena Community, Tuesday, June 7th., at 2 p. m.

John McLerran, Hoyte Community, Thursday, June 9th, at 9:30 a. m.

Frank Pfarrdrescher, Ad Hall Community, Friday, June 10th, at 9 a. m.

The general public is invited.

F. E. Woodruff, Chairman
Agriculture Committee Chamber of Commerce.

Rev. and Mrs. J. P. Love are leaving Monday for a summer vacation that will take them to interesting places in the states of Illinois and Kentucky, and will visit with relatives and friends while away. They will be accompanied by Mrs. Love's sister, Mrs. Leslie Brown who will visit with relatives, and will return with them later in the summer.

GEO. MAYO NEWTON

LATE NEWS FLASHES

Representative Geo. Mayo Newton Thursday announced that he would not continue in his race for re-election to the House of Representatives. He will retire from office at the end of his present term.

* * *

Cameron's first cover charge dining room will open Saturday at the Cato Cafe. It is semi-private and open to couples only.

* * *

Representative John Dollins of Waco became the first candidate to announce in Milam county for the State senate to succeed the late Dr. W. R. Newton.

Supper Program at St Monica's Here Sunday Afternoon

Beginning Sunday afternoon at 5 St. Rita's Circle of St. Monica's church will serve a supper to the public. The supper and program of entertainment will be arranged on the spacious church grounds.

Games of various kinds will be in progress for the entertainment of the guests. A unique supper provides that nothing will be sold for more than 5c. Participation in the games and other things to be enjoyed will cost only 5c. The proceeds will go to beautifying the church grounds. The public is urged to attend.

MUST DEVOTE TIME TO PRIVATE AFFAIRS

George Mayo Newton, member of the Texas House of Representatives, announced Thursday morning that he will not be a candidate for re-election. He has withdrawn from the present campaign and will devote his time to private business.

His father, the late Dr. W. R. Newton, was a member of the State Senate, and for the first time in the history of Texas, a father and son held seats in the higher and lower branches of the legislature at the same time.

Representative Newton issued the following statement:

"In making my decision to withdraw from the race for re-election as a member of the Legislature from Milam county, I do so with full appreciation of the support of the people in my past campaigns. I am deeply moved by the pledges of support in the present campaign, which I believe would insure my re-election.

"I feel that I should now devote my time to private affairs. Serving in the Legislature is a sacrifice which I feel I can not longer afford to make. My devotion to my late father was responsible in large measure for my plans to return for another term. I wanted to be with him. We were happy in our team work for the people we served.

"Time will never erase from my heart the gratitude I have for the kindness and support of the people who elected me. I trust that my friends and all of the people will realize that it is with great reluctance that I make this decision. If at any time in the future my services are needed it would be a happy privilege to serve. If I felt conditions warranted my continuation in the Legislature I would not withdraw from the race. No condition or circumstance would turn me aside from serving the people and the reasons for my retirement at this time are none other than stated above'.'

St. Mary's Club Will Serve Supper At Marak June 6

The St. Mary's Club will give a sandwich supper Monday night, June 6th at Marak school at 8 o'clock. Refreshments will be served and a program will be included.

Proceeds from the supper and entertainment will be used for the aid of the church. Everyone is cordially invited to attend.

Dollins Announces For State Senate

JOHN DOLLINS

John Dollins of Waco, dirt farmer of McLennan and that county's representative in the state legislature, formally announces his candidacy for the vacancy in the State Senate by the death of Dr. W. R. Newton of Cameron. Mr. Dollins has made an enviable record in the lower house of the legislature and states that his views on Texas government, well known to his district will be continued in the senate if he is elected.

Announcing his platform in part he said:

"I am for adequate old age pensions and do not believe that the present scale of $14 a month per pensioner is adequate. I am for the prompt payment of a pension to all needy cases."

"I am against a sales tax of any kind whatsoever."

"I am for the employment of our state auditor by the legislature and demand that the Governor follow a strict interpretation of the budget law to the end of economy."

"I was a leader in the House for teachers retirement and shall continue that fight in the senate."

"I believe in giving the regents of our state educational institutions including the University of Texas a lump sum appropriation to use as they see fit. What does a legislature know of the value in dollars and cents of, for instance, an instructor in biology?"

"I want the situation in our school for the deaf cleared up quickly."

"I am for the New Deal and want a New Deal in Texas for the forgotten Texan."

John Dollins comes from a long line of McLennan County Democrats.

Walter Huston is Star "Of Human Hearts" Story of Lincoln's Day Brought to Screen of Cameron Theatre Thursday and Friday 2 and 3

"Of Human Hearts," dramatic story of an itinerant preacher of Lincoln's day, is the new vehicle which brings Walter Huston to the screen for the first time since his success in "Dodsworth." The new picture, based on the story, "Benefits Forgot," by Honore Morrow, and in which James Stewart, Beulah Bondi and many notable stage and character players appear, comes to the Cameron Theatre for the next two days, June 2 and 3.

The story deals with a circuit-riding preacher, his wife, and their son, who grows up to be a famous surgeon, forgets his family ties, and whose feet are finally turned on the right path by Abraham Lincoln. Much of the action occurs in a backwoods Ohio village. Clarence Brown, director of "Conquest" and "Ah Wilderness!" directed.

Much of the picture was made on location in a village built at Lake highlights include a vicious fight between father and son after a quarrel in the wilderness, the son's departure for Baltimore and medical school, the Lincoln episode, and the final reunion with his mother and sweetheart.

Delicate human interest episodes and many deft comedy moments enliven the play, which in its general feeling is in the tradition of "Ah Wilderness!" though the story and theme are totally different.

The picture brings to the screen for the first time Leatrice Joy Gilbert, daughter of John Gilbert, playing Ann Rutherford as a child, and also brings to pictures for the first time Charles Coburn, famous New York stage actor and creator of "Old Bill" in the "The Better 'Ole," who plays the village doctor.

Others in prominent roles include Guy Kibbee, Gene Lockhart, Arthur Aylesworth, Clem Bevans, Charley Graye win, Gene Reynolds, Sterling Holloway, Charles Peck, Robert McWade, Leona Roberts, Minor Watson and John Carradine, chosen after a long search, to portray Lincoln at the close of the Civil War.

NEWS FROM BURLINGTON

On May the 19 the Burlington Home Demonstration Club met in the home of Mrs. Wm. Faulkner. Mrs. Ed McAtee called the meeting to order. The minutes of the previous meeting were adopted as read.

The last Friday of each month was chosen as the date for our community parties at the Burlington Hall. This makes the next party May 27, 1938.

The principal subject dicsussed was arranging food in the refrigerator. In refrigerators not cooled by ice, keep all foods with decided odors, food which absorb odors and moist foods in covered continers, and remove paper wrappings from food.

Keep ice refrigerator well iced. Never wrap the ice. The film of water on the melting ice should be left free to absorb odors and carry them down the drain pipe. Don't cover the shelves it stops the circulation. Don't put food in the ice chamber, it may prevent the free movement of air and clog the drain pipe.

To prevent the growth of mold and bacteria keep the walls and shelves dry by wiping them with a clean dry cloth. Clean the refrigerator weekly. One tablespoon of Sal soda or a cup full of baking soda placed on the ice every week or two cleans the drain pipe.

The coldest section in an ice refrigerator is under the cold air drop, beneath the ice. Place milk and meat in coldest sections. Vegetables should be stored higher up in the food compartments. Fruits like apples, bananas and oranges should be placed where the air passes from them to the ice. Berries and cheeries need a colder place to prevent the growth of mold on them.

Mrs. Faulkner served a delightful lunch. Those present were: Mrs. Fred Hodges, Mrs. Jerome McAtee, Mrs. Wm. McSherry, Mrs. Ben Kleypas Mrs. John McAtee, Mrs. Paul Dillon and Mrs. Chester Rogers.

for Women, only

CARDUI is a special medicine for the relief of some of the suffering which results from a woman's weakened condition. It has been found to make monthly periods less disagreeable, and, when its use has been kept up awhile, has helped many poorly nourished women to get more strength from their food. This medicine (pronounced "Card-u-i") has been used and recommended by women for many, many years. Find out whether it will help you by giving it a fair trial. Of course, if not benefited, consult a physician.

NEW CLASSIFICATION FOR FOOTBALL IS FORECAST

A new football classification for Texas High Schools was forecast here today when L. C. Wood, President of the Texas High School Football Coaches Association, announced final returns on a ballot poll of coaches and superintendents of Texas Schools.

If the Texas Interscholastic League officials take recommendations to be made, based on the returns, schools desiring to enter higher competition can do so only by a three fourths vote of the schools in the district that is to receive the new club.

The ballot outlines three propositions for advancing to higher stages of competition. In Class A districts with enrollment of 550 and above the optional class school of 450 enrollment and above may enter Class A competition only when three fourths of the schools of the Class A district votes to admit the application. The optional class is the Class B school that desires to compete in a Class A District or to become a member of the higher district. If a Class B School desires to enter Class A competition, application, must be made to the Chairman of the Class A Committee one year in advance and notify the state office at the same time.

The same rule applies when Class C. schools desire to compete in Class B districts. They too will be admitted only after three fourths of the schools in the Class B district approve the application which also must be filed with the Class B committee one year in advance. Enrollments in Class B district are fixed at 200 to 549.

In the case of Class C districts with enrollments of 100 to 200 schools with an enrollment of 60 and above up to the Class C number, may enter Class C competition only after three fourths of the schools of the Class C district have voted to approve the application. In this class of schools applications are not required to be filed a year in advance.

A fourth proposition submitted which was approved, favors September first as the date to begin fall practice.

The vote approving the plan to regulate competition and to provide the three fourths majority plan under which schools may enter the higher brackets in football competition was 407 for and 233 against.

The vote in favor of September 1st as the date to begin fall practice was 422 for and 197 against.

Coach Wood said the poll was taken to sound out sentiment with the hope the Interscholastic League would take official notice of the opinion of coaches and superintendents.

During recent years many football districts have had their membership increased to such an extent split schedules are necessary. The principal difficulty was said to occur in Class B districts with Class C schools entering that competition. At present there is no regulation to keep them out. It was the belief of coaches over the state that well balanced districts could be maintained only if regulations are put into effect to control schools of the various enrollments specified on the ballot.

Mr. Wood declared it was his belief the whole situation can be effectively composed if the Interscholastic League of Texas will adopt the regulations recommended by the overwhelming ballot.

Now, that's small change, isn't it, for so great a home convenience? So why be without a gas-automatic hot water service?

In the interests of your own comfort and convenience ... check into generous trade-in allowance and easy monthly terms on the new improved heaters. You'll be glad you did every time you wash dishes ... take a bath ... shave ... or do any of the usual household tasks that require hot water. For real home convenience there's nothing like having instant hot water on tap every minute of the day.

Do You Know ...

—that the Lone Star Gas System's 1937 tax bill amounted to $5,715 per day, including Sundays and holidays, and that this amount is enough to pay five Texas school teachers their annual salaries at the 1936-37 average of $1,022?

Ray Burke who is manager of a food store in Waco spent the week end here with his parents, Mr. and Mrs. Ray Gurke.

A happy social event of the past week for little friends who spent a joyful afternoon was the birthday courtesy for Little Miss Beverly Haynes, daughter of Mr. and Mrs. Guy Haynes. Miss Beverly, just turned three received a few invited friends for the afternoon and made for herself a place in the hearts of these little ones and their mothers, as a hostess. Mrs. Haynes arranged the birthday party from 4 to 6 p. m. at her home. With the little guests came their mothers and the two hour entertainment was spent in games and play. Miss Beverly at three years of age is an accomplished singer and will some day follow her mother as a pianist of note. She was one of the stars of the Kiddie Revue at Yoe High School, recently arranged by the Parent Teachers Association, giving a song number. Mrs. Haynes served ice cream and cookies. Invited guests were: Forrester Woodruff, George Childress, III, John Burns Henderson, Jane Burns, Kathleen Parnell, Kay Mondrik, Ann Brock.

Many friends of Miss Agnes Chambers, of Houston, for a number of years, a resident of Cameron, will be pleased to learn of her recent splendid record she has made in shorthand in business College in Houston, where she has been studying. The following story is taken from a Houston daily paper: "Miss Agness Chambers has won the Gregg Shorthand Expert Award"—taking 140 words per minute. Miss Chambers transcribed the dictation with 98.7 percent accuracy and became the first person to win the award while a student. The award was presented by Hall Ester, president of the National Association of Court Reporters." Miss Chambers is a niece of Mrs. Walter Lawrence with whom she made her home during the several years she lived in Cameron, and was employed in the office of the late S. P. Cross, Insurance Agent here. A picture of Miss Cambers was run in the Houston paper along with the above write up.

New Air Thrill Film "Test Pilot" With Clark Gable ahd Myrna Loy Inaugerates June Program Of Big Time Shows at Cameron Sunday, June 5th

The most modern of heroes, airplane test pilots, are glorified in Metro-Goldwyn-Mayer's first aviation picture in more than two years, "Test Pilot," which stars Clark Gable, Myrna Loy and Spencer Tracy, with Lionel Barymore heading a major supporting cast. It opens at the Cameron Theatre next Sunday for an engagement of two days.

The picture, based on an original story by Frank Wead, and giving an intimate insight into the lives of men who dare death to pave the heavens for future generations, has been acclaimed by aviation experts, military and civil, to be the truest picture of aviation ever produced.

Clark Gable plays the title role as a daring aviator, willing to risk life and limb for a job he loves, living every minute of his life up to the hilt, existing on "borrowed time."

Myrna Loy plays an unsophisticated farm girl who marries the famous flyer and finds herself combating the unseen lure of the sky in a battle to win the love of her husband.

Spencer Tracy, as the best mechanic in the business, takes care of Gable's plane and takes care of Gable, a double duty that is almost too much for one man.

Lionel Barrymore is given the lovable role of an aircraft manufacturer who hires Gable and who finally persuades him to give up his perilous life.

Supporting players include Samuel S. Hinds, Marjorie Main, Ted Pearson, Gloria Holden, Louis Jean Heydt, Virginia Gery, Priscilla Lawson, Claudia Coleman and Arthur Aylesworth.

Victor Fleming and Louis D. Lighton, director and producer respectively of "Captains Courageous," were reunited in the same capacities for the new picture.

Gable appears as a test pilot, taking off for a record-breaking attempt in a transcontinental flight. Enroute, he develops engine trouble, drops down in the middle of a Kansas wheatfield, meets unsophisticated Myrna Loy and carries her off as his wife. Fired from his job with Lionel Barrymore, aircraft manufacturer, because he insists on a honeymoon, he finally resorts to piloting an unknown ship in the Cleveland Air Races. Winning, he gets his job back. Miss Loy finds that she must fight a new kind of rival, the love of flight, whose hold on Gable is unbreakable. Finally, when Tracy is killed in a plant test, Barrymore persuades Gable to give up the business, go back into the army from whence he came and put his talent to work for his country.

FARM CLUB NEWS

**Mrs. J. A. McKinney,
Jones Prairie Home Dem. Club,
Cameron, Texas, Rt. 2:**

"Keep the refrigerator well iced, never wrap the ice, do not overload the refrigerator, do not place food in the ice chamber if we are to obtain the greatest efficiency from the refrigerator" said Mrs. T. B. Stidham in discussing "Arranging Food in the Refrigerator" at the home of Mrs. S. S. Hickman, May 24.

It is very essential that the air be kept circulating if we are to obtain, best results from our refrigerators, to avoid overcrowding of wrapping papers around food or paper bags on the shelves.

The automatic refrigerator should be defrosted and cleaned thoroughly at least once a week.

Keep odor-absorbing food well covered. In the automatic refrigerator, odorous foods well covered; in an ice box put odorous foods where air leaves food chamber to re-enter ice chamber.

Mrs. A. L. Burnett gave Council report. Rally day is to be July 7th at 6 o'clock; supper to be served at 7 o'clock. The Home Demonstration Encampment is to be held at Round Rock, June 27 and 28.

**Mrs. Beuna Chambers,
Bryant Station Home Dem. Club,
Rogers, Texas:**

"Let your refrigerator do part of the cooking during hot weather" Mrs. R. T. Patterson advised the Bryant Station Club in her demonstration on "How to Choose and Use a Refrigerator," at the meeting on Thursday, May 26 in the home of Misses Ellen and Cleo Neal.

"For instance," Mrs. Patterson continued, "you might serve moulded chicken salad, making use of your culls which would sell for very little, as well as your refrigerator. Here is the recipe:

1 tablespoon gelatin.
1-4 cup cold water.
1 cup mayonnaise or cooked salad dressing.
2 cups dried cooked chicken or 1 No. 2 can chicken.
1-2 cup chopped celery.
1-4 cup hopped pimento.

Soak gelatin in cold water and dissolve over boiling water. Add to salad dressing. Fold in chicken, celery and pimento and more dressing if needed. Turn into large or individual molds and place in refrigerator to chill. Unmold on crisp lettuce and garnish with stuffed olives or radish roses.

Sheets with other ice box receipes were distributed, also booklets on "How to Choose and use an Ice Refrigerator."

At the business session presided over by Mrs. C. L. Lively, club president, Mrs. L. A. Abel was elected delegate to Short Course and Mrs. Beuna Chambers alternate.

Group singing with Miss Cleo Neal at the piano, was the recreational feature of the afternoon.

The hostess served delicious refreshments to the 13 members present and 5 visitors, Mrs. Fred Rae, Mrs. A. W. Rae, Miss Louise Rae, Mrs. Silas Rogers and Mrs. U. B. Harvey.

The next meeting will be with Mrs. S. C. Wilson on Thursday, June 16. to discuss "Screen for Comfort." Miss Dorothy Porter, will be present Visitors are always welcome.

Saturday Features At Cameron Theatre Bring John Barrymore And Wayne Morris

Two big pictures one featuring John Barrymore and the other Wayne Morris make up the bill at Cameron Saturday, June 4th.

Barrymore plays in "Bulldog Drummond's Peril" and Morris teams up with Priscilla Lyne in "Love, Honor and Behave," in what Theatre patrons have the right to expect will be the best week end bill of the year.

"Love Honor and Behave," an engaging comedy of young married life, and co-starring two sensational young actors, Wayne Morris and Priscilla Lane, has been scheduled as the next feature attraction at the Cameron Theatre where it will open Saturday, June 4th.

You'll remember Morris as the "Kid" of that recent success, "Kid Galahad," in which he sky-roceketed to stardom. Six foot four of blonde and grinning manhood, he's the answer to any maiden's prayer and a swell actor besides. As for Priscilla Lane, she's the small armful of crooning dynamite who vamped her way to fame in "Varsity Show." The team is said be one of the most romantic and delightful pairs the screen has ever had.

"Bei Mir Bist Du Schon," the novelty swing tune which has taken the country by storm, is featured in the picture. And you haven't heard it until you hear Priscilla croon it to Wayne.

The story, based on Stephen Vincent Benet's Saturday Evening Post story, "Everybody Was Very Nice," deals with a pair of childhood sweethearts who grow up in an atmosphere of divorce. They marry and that's when the trouble starts, but they overcome their difficulties in a novel fashion. One of the highlights in the picture is said to be a fistic battle between Wayne and Priscilla, out of which both emerge with black eyes and a brand new respect for each other.

Mr. and Mrs. Leo Hollas and Mr. and Mrs. Ollie Ernst and son, attended the O'Sullivan ordination at La Porte Sunday.

Kay Francis and Pat O'Brien in One Film That's What Awaits You Tues.-Wed. at Cameron

Ordinarily Kay Francis alone would be enough inducement to get you out to the box office early, but when they announce that Kay Francis and Pat O'Brien are teamed together in one big show, its too much to believe right off.

Next Tuesday and Wednesday at the Cameron Theatre you will see just that. Its the Warner Brothers super-film, a sophisticated comedy.

Kay Francis and Pat O'Brien together in films for the first time! Thirty-four major sets in one modern city locale! Thirty-seven major changes of costume for Kay! A cast of 32 name players! Thirty weeks from story preparation to finished cut!

But that's enough in the thirties! Those highlights are from Warner Bros.' newest and most ambitious starring vehicle for raven-haired Kay Francis, "Women Are Like That." Based on A. H. Z Carr's national magazine story, "Return from Limbo," it was scenarized by Horace Jackson and directed by Stanley Logan, who scored such a success with "First Lady."

The role given Miss Francis in the new picture is light, romantic, sophisticated and spicy. She's the wife of advertising genius Pat O'Brien, and when her lovable old reprobate father, played by Thurston Hall, throws the business into near-bankruptcy by a covered-up embezzlement, she tries to come to the rescue. But her sex-appeal methods anger Pat. The pair split up—and after that it's adviertising agency war to a happy-clinch finish between estranged husband and wife.

Cupid beats Divorce to the punch by a split second!

Ralph Forbes, Thurston Hall, Melville Cooper, Gordon Oliver, Herbert Rawlinson, John Eldridge, Grant Mitchell—those and many others appear in the important supporting roles.

Kay, as a smart New York wife and business woman in the gay advertising set, breaks records for snappy, sophisticated costumes with her thirty-seven Orry-Kelly numbers, all original creations for Kay and this picture. And without pretending to either old-fashined or ultra-modern set exhibitions of attention distracting magnificence, behind all the comical, piquantly romantic and at times pathos-touched action, there is set-designer's beauty.

The thrity-four major sets were created by art director Max Parker. Stately dignity marks the home of the advertising agency president where the film begins with a wedding—the bride Kay—didn't attend.

Smart, only moderately expensive modernism characterized the love-nest to which Kay and Pat retire after their run-away honeymoon. Ultra-feminine and brimful of interesting ideas is the apartment of Miss Francis, the business woman who is using sex appeal to best her ingenious husband at the advertising agency game. "Women Are Like That" was pronounced by previewers to be modern comedy at its best.

God Grant We Never Dissolusion Tihs Boy

A thanksgiving prayer of 16 year old Jewish boy refugee from Germany has been recommended by Superintendent of Schools Harold G. Campbell of New York City for reading by every American.

Martin Marden's thanks to America for the opportunity "to be happy and free," so impressed Dr. Campbell that he sent a copy to President Roosevelt, and ordered another included in the next report of the New York City school system.

The author is slight, red-haried. He came from Germany three years ago with his sister. They joined mother, Mrs. Betty Marden, who had migrated a year earlier to escape nazi persecution. Marden was compelled to withdraw from Roosevelt High school a few weeks ago to find a job and help support his widowed mother.

His prayer follows:

"One day in the year should be reserved for prayers of thanksgiving in which we give thanks for something that has been granted us; for having been saved from some great destruction caused by nuture or man.

"I am thankful that I have been given an opportunity to be educated in the United States of America.

"I am thankful that I live in a land where everyone may salute the same flag.

"I am thankful that I live in a land where, regardless of race, everyone may take part in national ceremonies.

"I am thankful that I live in a land where a person may sing the national anthem without having someone tell him that he may not because of his race.

"I am thankful that I live in a country governed by democracy, rather than force.

"I am thanful that I live in a land where one is not persecuted.

"I am thankful that I live in a land where there are people who have real sympathy for refugees from European countries who have gone through horrible experiences.

"I am thankful that I have been given the opportunity to enjoy the many privileges that are unheard of in European countries.

"I am thankful that I shall be able to realize my ambitions which would have been impossible had I remained in my native land.

"I am thankful that I live in a land where the future seems bright and hopeful, rather than dark and hopeless.

"I am thankful that I live in a land where the youth of all races have a tomorrow, rather than in my native land where the youth of the race is without a tomorrow.

"I am thankful that I have been permitted to tell you of the troubles in European lands in order that you may develop a real sympathy for the oppressed of the earth.

"I am thankful that I am happy and free."

Resignation of the secret committee of two named more than a year ago to pass upon so called advertising and soliciting rackets, was presented to the Chamber of Commerce on Tuesday night.

The Directors engaged in a long and heated discussion of the resignation and voted a correction in the minutes of the previous meeting which had caused confusion. With a motion and substitute pending the Directors voted to ask the Committee to draw up a plan of action, stating policies.

Rackets will be named and merchants will get a letter outling the things that are to be banned. Permits to solicit will not be issued on any racket that is under ban. This report will be submitted to the directors next meeting night for final approval.

One member of the committee disclosed his identity and called for a clarification of the minutes.

Do something about Periodic Pains

Take Cardui for functional pains of menstruation. Thousands of women testify it has helped them. If Cardui doesn't relieve your monthly discomfort, consult a physician. Don't just go on suffering and put off treatment to prevent the trouble.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Cardui is a purely vegetable medicine which you can buy at the drug store and take at home. Pronounced "Card-u-i."

Jerry—SADLER—Harley

Harley Sadler, (right), famous Texas showman, has broken a lifelong custom of keeping out of politics to become the West Texas campaign manager for his kinsman, Jerry Sadler, (left), of Longview, 30-year old candidate for Railroad Commissioner of Texas. "I consider Jerry the best man for the job," is Harley's explanation for breaking his non-intervention policy. Harley says: "Put Sadler in the Saddle and he will ride the broncho of monopoly."

Thompson Blames Confusion of Names On 'Political Enemies'

Austin, May 31.—Ernest O. Thompson, candidate for governor, today blamed his "political enemies" for the fact that Vernest O. Thompson of Dallas has applied for a place on the ballot as a candidate for governor.

Asserting the purpose of Vernest O. Thompson's candidacy was to "confuse" the voting public, Ernest O. Thampson said it was "complete evidence" that he was the leading candidate in the race. The statement issued from Thompson's headquarters here in part follows:

"Fair-minded people are not going to appreciate this kind of trickery on the part of my political enemies. Of course, they hope that this name will confuse and mislead and deceive the voting public and that this new candidate may get votes that were intended for me.

"All of my life I have tried to build up and protect my family name. I have never done anything to discredit that name. I would have preferred that my enemies steal my slender purse.

"I am running for governor on my record and platform and am willing and anxious to get before all the people on that basis."

On Friday night, May 27th, a barbecue was had in the City Park which closed a contest that was started in April. Lester Glass was captain of one group and Grady Allen was captain of the other group. The Allens won over the Glasses 353 points to 238 points. This contest was a drive for new members to celebrate the 60th birthday of the Supreme Chancellor of the Knights of Pythias on May 25th. A. J. Lewis was the principal speaker on principles and benefits of Pythianism. M. G. Cox, director of the Pythian Home at Weatherford, also addressed Knights and visitors and acted as toastmaster. Out of town visitors were Weylon C. Frasier, Grand Chancellor of Waco, who made a wonderful talk at the close of the Barbecue, and Mr. Russell and Mr. Moseley of Waco. There were 85 members and guests present. At the first meeting in June which is June 6th, nomination of officers for the coming term will be made, also rank work will be put on.

Miss Norma Jean McElwrath was a delightful hostess for a dance given in honor of her high school friends Thursday evening. Dainty refreshments were served to Cameron friends and also a number of out of town friends.

Four weeks ago Mr. Haynes, Social Studies teacher, began a contest in the high section of the seventh grade. All work was to be graded in points from 1 to 10 and at the end of the fourth week the five pupils with the most points were to go with him by Buchannan Dam and spend the day in Austin. On Friday the points were totaled and Peggy Green, Enid Walzel, Doris Dockery, Mary Jo Stedman and Alvin Meyer had most points. Saturday morning the group met on the corner at Glass the Florist at 4:00 o'clock and left in Mr. Haynes' car. They arrived at Buchannan Dam around 7 o'clock and from there they went to Inks Dam. They did not stop again until they got to the Longhorn Cavern which they went through in one and half hours. Upon arriving at Austin they first visited Arlington Cemetery, O'Henry's home and University of Texas before the last stop at the capitol where three of them started climbing to the top, but the only two who succeeded were Peggy and Mary Jo. They took a picture from the top to prove it. They arrived home about 7 o'clock.

principles held out by the farmers of our great nation's laws—the Constitution of the United States an integral part of which is based upon the law of God—the Decalogue given by God Himself to Moses on Mt. Sinai almost 1500 years before the Redeemer came to teach and save mankind.

"As it is the grand and glorious privilege of our people to elect our own public officials, our young people today should be equipped with an education which will enable them to keep in touch with the social, political, economic, and religious problems confronting the nation and so prove their true citizenship by voting intelligently and honestly when that nation calls upon them to do so.

"Former President Hoover speaking recently at Milwaukee said, "In Europe, the authoritarian governments start with children of seven or nine years of age to make Fascists or Communists of them. If we are to make them able citizens of a democracy, we must start as early, building their individual characters and their sense of responsibility."

Nothing is so effective as Christianity in making a man realize his own dignity, and this realization is the fundamental principle on which democracies are built. Nothing except religion is successful as an individual character-builder and in promoting a sense of responsibility, particularily moral responsibility which is so sadly lacking in the young people of today.

"Our country is facing a crisis—yes, as a New York minister recently said, "It is a crisis of the first magnitude—a moral crisis different from those of the past because the really interesting question is not one of theology or the Bible but one of conduct. The revolt is not against Christian theology but against Christian Ethics."

This is manifested in the type of publication which by printed word and attractive picture is presenting a problem to be solved only be the care which parents and teachers must take to prevent the young from being contaminated by what appears to be a definite campaign of indecency, obscenity and filth that has invaded the field of the popular magazine.

"So it is the first duty of the people of a community like this when the problem of opening a new school presents itself, to choose as guides for their children teachers who are imbued with Christian principles and who will instill into the hearts of their charges the true spirit of our wonderful Constitution—respect for authority and love and reverence for their Creator, which spirit will be the strongest enemy against dictatorship and the surest pledge of the continuation of our great nation under the God-given rights which Americans alone can boast of today—freedom of speech, freedom of the press, freeddom from search and freedom of worship."

Cotton Allotment

(Continued from page 1)

of crop land to cotton in 1937, and operated to increase the percentage on this class of farms. Therefore, in many cases the 1938 allotted cotton acreage will figure between 35.6 per cent and 40 per cent.

3. Farms with allotments between 5 and 15 acres will vary quite a great deal in percentage.

Land Measuring to Start Soon in Milam County

County Agent Geo. Banzhaf and Assistant J. R. Wagner spent Friday May 27 at a District Meeting in Waco, receiving instructions in regard to measuring farms for compliance under the 1938 Farm Program. According to information received in the County Agent's Office, land measuring can start as soon as Milam County farmers get all crops planted. Therefore, it is to be hoped that all measuring may get under way early in the month of June.

1937 Benefit Checks

No additional 1937 checks have been received in Milam County during the past week. Farmers will be notified just as soon as checks are received in the County Office.

Not Necessary to Plant Allotted Cotton Acreage

Many farmers are asking if it is necessary to plant all of the cotton allotments. Be advised that it is not necessary to plant all or any part of the allotment, however, if no cotton is planted no cotton payment will be made. If less than 80 per cent of allotted acres are planted, payment will be made on one and one fourth times the actual acreage. For example, if the allotment for a farm is 50 acres, but only 20 acres are planted to cotton, the farm will be eligible for payment on only 25 acres, which is 125 per cent of the planted acres (one and one-fourth times the planted acres.)

If No Cotton is to be Planted

Another proposed Amendment authorizes farmers who do not intend to plant any cotton on their farms in 1938, to waive or give their allotments for 1938. This is a decided advantage for such farms since depleting or feed base to be raised, thereby, enabling them to receive a larger payment. If this applies to a farm, the operators should execute the card mailed to them, and return same to the County Agent at once.

Establishment of Yield Under 1938 Program

The County Office will begin work toward establishing the normal or average yield of cotton per acre in the near future. In order that no producer be penalized because his 1937 production was not filed in the County Office, all cotton producers who did not file their 1937 cotton sales certificates in 1937 are requested to do so immediately. Producers who placed their 1937 cotton in the loan should file a copy of their warehouse receipt instead of the actual sale certificate. Farmers operating more than one farm are requested to designate the bales belonging to the different farms on which the cotton was produced. This information is very important if farmers expect for their farm to get full credit for the actual 1937 cotton production.

Records show that the majority of farmers have already attended to this matter, but there are still many sales certificates that have not been filed.
